Timing and Safety Rules:

Red Flag Process:

- The red flag shall always be visible when the Safety Car (Car 000, 00, 0) caravan passes through the stage.
- Red Flags are visible and on display at the start line, each radio point and the finish.
- Red flags are removed from display when CAR 0 passes.
- During a stage: Red Flags must be displayed and withdrawn only on the instruction of the Clerk of the Course.
- The COC orders the radio point marshals, up to the point of the incident, to display red flags.
- Displaying red flags advises competitors that there may be an emergency or vehicles ahead of them and that they must reduce speed. If they catch up with these vehicles, they must not overtake them.
- Any car that receives the red flag will be recorded by the radio point marshal so as to inform Rally Control.
